A new and most promising variety. Tree commenced bearing in 1911 with an acrop of 40 nuts averaging 49 to the pound. Subsequent crops have been as follows:
1912—160 nuts 40 to the pound.
1914—395 nuts 43 to the pound.
1914—1584 nuts 36 to the pound.
In a grove this variety has proved more productive than Success, Stuart, VanDeman, Bolton, Pabst, Frotscher, or Jerome; and has been equaled only by Money-maker.
A paper shell variety that fills well.
While surrounded by other varieties which have shown considerable disease, particularly scab, it has shown only slight susceptibility to these diseases.
Not as susceptible to the case bearer as most other varieties such as Stuart, Frotscher, Nelson, and Pabst.
Specimen nuts mailed for 25c.
250 trees for sale at from $1.50 to $2.50 each. Buds in season $2.50 per hundred.

Dear Sir:

I enclose card and prospectus. It is with
my sincere respect.

I have seen or eight hundred
care only the brains of this
family and do not try to make
them. It is simply a new
money and may or may not

Yours Truly
